ALL APPLICATIONS MUST BE SUBMITTED WITH:

- 3 sets of stamped construction drawings
- A site plan that includes distances to all property lines
- Accessibility information (parking, accessible route)
- Signature of property owner

**ANY APPLICATION WITH MISSING INFORMATION OR REQUIRED DOCUMENTS
WILL BE RETURNED AS INCOMPLETE.**

The holder of a building/zoning permit is responsible to insure compliance with all applicable Township Ordinances during and at completion of the work authorized by the permit. The holder of the building/zoning permit acknowledges that the Township requires a final inspection be performed by the Building Inspector/Zoning Officer and that the Building Code Official/Zoning Officer issue a certificate of use and occupancy before the structure which is authorized by this permit may be occupied. Occupancy of a structure prior to the issuance of a certificate of use and occupancy constitutes a violation.

The applicant certifies that all information on this application is correct and the work will be completed in accordance with the "approved" construction documents and PA Act 45 (Uniform Construction Code) and any additional approved building code requirements adopted by the Municipality. The property owner and applicant assume the responsibility of locating all property lines, setback lines, easements, rights-of-way, flood areas, etc. Issuance of a permit and approval of construction documents shall not be construed as authority to violate, cancel or set aside any provisions of the codes or ordinances of the Municipality or any other governing body. The applicant certifies he/she understands all the applicable codes, ordinances and regulations.

Application for a permit shall be made by the owner or lessee of the building or structure, or agent of either, or by the registered design professional employed in connection with the proposed work.

I hereby authorize the designated Township officials to enter on the property and to investigate, inspect, and examine the Property set forth herein, including land and structures, to determine compliance with the Construction Code and/or Zoning Ordinance and to determine the accuracy of the statements contained herein.

I am aware that I cannot commence excavation or construction until the Township has issued a Building or Zoning Permit. By signing this Application, I certify that all facts in the Applicant and all accompanying documentation are true and correct. This Application is being made by me to induce official action on the part of the Township, and I understand that any false statements made herein are being made subject to the penalties of 18 Pa. C.S. §4904 relating to unsworn falsification to authorities.

I expressly acknowledge that the issuance of a Building or Zoning Permit is based upon the facts stated and representations made in this Application. I expressly acknowledge that the Township may revoke a Building or Zoning Permit if the use and/or structure for which it has been issued violate any applicable Township, County, State or Federal law or regulation. I also expressly acknowledge that the Township may revoke a Building or Zoning Permit if it has been issued in error or if issuance was based upon any misrepresentations or errors contained in the Application or otherwise made by the Applicant.

I acknowledge that the holder of a Building or Zoning Permit is responsible to insure compliance with all applicable Township Ordinances during and at completion of the work authorized by the Permit. I acknowledge that the Township requires a final inspection be performed by the construction code official and that the Township issue a certificate of occupancy before the structure which is authorized by this permit may be occupied.

It is my responsibility to insure that this inspection is scheduled and the certificate of occupancy obtained before the structure may be occupied. I acknowledge that if I occupy or permit the occupancy of this structure prior to the issuance of a certificate of occupancy under the Construction Code and/or Zoning Ordinance, I will have committed a violation of the Construction Code and will be subject to the penalties and remedies in the Construction Code Ordinance. I also acknowledge that, if the structure is occupied prior to the final inspection, work may have to be removed and re-executed in order that it may be adequately inspected. If the Township is required to perform an inspection after the structure is occupied, intending to be legally bound hereby, I agree to pay the fee established by the Township for delinquent inspections.

Nothing contained in this Application shall be construed to relieve or limit the obligations of the Applicant to comply with all provisions of the Zoning Ordinance or to waive violations of the Zoning Ordinance or any other Township ordinances or to stop the Township from enforcing Township ordinances, including but not limited to the Zoning Ordinance. I expressly acknowledge that permits and certificates of use and occupancy may be required under the Zoning Ordinance and it is my obligation to obtain all permits and approvals the Zoning Ordinance requires before the structure, which is authorized by the Building Permit, may be occupied.

**SIGNATURE
REQUIRED**

Applicant's Signature _____ Date _____
Owner's Signature _____ Date _____
(if different from Applicant)

If the applicant is a contractor:

1. A contractor within the meaning of Act 44 of the Pennsylvania Workers' Compensation Law

Yes No

If the answer is Yes, complete Sections A **OR** B below, as appropriate

A. Insurance Information:

Name of Applicant_____

Federal or State Employer Identification Number_____

Applicant is a qualified self-insurer for Workers' Compensation

Certificate attached

Name of Workers' Compensation Insurer_____

Workers' Compensation Insurance Policy Number_____

Workers' Compensation Insurance Policy Expiration Date_____

--OR--

B. Exemption:

Contractor is not required to provide Workers' Compensation Insurance under the provisions of Pennsylvania Workers' Compensation Law for one of the following reasons, as indicated:

Contractor with no employees. Contractor prohibited by law from employing any individual to perform work pursuant to this building permit unless contractor provides proof of insurance to the Township.

Religious exemption under the Workers' Compensation Law.

NOTE:

All permit applications shall be returned to:

Solanco Engineering Associates, LLC

Submittal Guide for Commercial Projects

Building Plan Requirements for Commercial Projects

The following items are required for new commercial projects. Drawings should be drawn to $\frac{1}{4}$ in. or $\frac{1}{8}$ in. scale and shall provide the necessary information to verify compliance with the building code.

All drawings shall bear the stamp and signature of the design professional responsible for the design.

Two (2) sets of construction drawings shall be submitted and shall include:

Title Page Drawing; to include the contact information for all design professionals, description of square footage per floor, number of floors, type of construction to be utilized, area modifications utilized, use group classification(s), separation or non- separation of mixed use groups, design occupant load(s), finish materials classification, design codes utilized.

Site Plan Drawings; to include all utility layouts, handicap parking & access, designated fire lanes, distance between adjacent structures and property lines.

Floor Plan Drawings; to include the use of all areas, location & types of fire resistant construction, U.L. Listing of fire resistant construction, means of egress components, handicap access.

Structural Drawings; to include the structural design calculations, geo-technical engineering report, uniform live loads, dead loads, roof & snow loads, wind loads, footing construction detail, foundation construction details, framing construction details, concrete construction details, masonry construction details, wood construction details, steel construction details.

Electrical Drawings; to include all lighting facilities, electrically operated equipment, and electrical circuits required for all service equipment of the building or structure. Drawings should include panel schedules, grounding systems, and wiring methods.

Mechanical Drawings; to include size & type of appliances, construction of flues and chimney systems, ventilation air provided, fresh air make-up provided, location of all ducting and piping.

Plumbing Drawings; to include a plan view and a riser diagram of waste & water piping, pipe sizing, grade of piping, drainage fixture unit loads on stacks and drains, water distribution design criteria.

Fire Protection Systems; to include the submittal guide for each type of system. See specific submittal guide requirements.

NOTICE

All work, whether or not shown on the construction documents shall comply with the Pa. UCC (IBC and IRC 2003 as referenced). Work not shown will be field checked to determine compliance. Construction documents shall be on site at time of inspection; if not the inspection may be failed, at the discretion of the inspector, for failure to have them available for reference purpose.

Universal accessibility to all services, goods, events, and functions offered within the Commonwealth of Pennsylvania is a guaranteed civil right. Please review your construction documents to insure that right has not been violated. Basic compliance with *all* of the provisions of the standard ANSI A117.1 can help to insure that all of our citizens enjoy access to the goods and services offered within the state. Compliance with the provisions of IBC Chapter 11 and ANSI A117.1 will be field verified and shall be mandatory for receipt of a Certificate of Occupancy. Full compliance with accessibility provisions of the codes is mandatory. Failure to include provisions for compliance on the plan, or in the execution of the work is not an excuse to deny basic accessibility to our citizens.

A list of inspections that *probably* will be required, based on the permit application and plan submission, can be obtained from the Code Official at the time of permit issuance. Noted inspections may be waived or additional inspections may be required, at the discretion of the Code Official, as deemed necessary in order to insure Code Compliance. Inspection approval must be obtained for the work currently complete before proceeding to the next step of construction listed in order for each trade.

All inspections will be conducted by Commonwealth Code Inspection Service, with the exception of special inspections required by the Pa. UCC and/or IBC Chapter 17, and/or at the direction of the Design Professional; or as otherwise directed by the authority having jurisdiction. Special inspections shall be performed per the Pa. UCC and/or IBC Chapter 17, and/or at the direction of the Design Professional.

A special inspection program list shall be furnished to Commonwealth Code Inspection Service for approval prior to the start of the project phase associated with the inspection. The list shall include name of company, corporate officers, address and other contact information, accreditation, and qualifications of individual inspectors.

The applicant or authorized representative must request all regular inspections directly through Commonwealth Code Inspection Service, Inc. with at least 24 hours notice.

Same day service for inspections may be provided if calls are received before 8:00 AM. Telephone 717-664-2347 (Main Office) or 800-732-0043 (In Pennsylvania) or Contact your local CCIS office at
