

Lancaster County Property Assessment Encourages Residents to Update Property Records Ahead of 2027 Reassessment

Lancaster, PA – Lancaster County is preparing for the 2027 property reassessment and encourages property owners within the County to do the same. Counties are required by law to conduct periodic reassessments of all properties. The County of Lancaster previously completed reassessments in 2017.

Property owners can begin checking their property record through the [Property Assessment Website](#) to ensure that all data on file is correct. Property owners who find inaccurate or missing information may complete a [Property Correction Form](#) or may contact the Property Assessment Office by emailing paquestions@lancastercountypa.gov.

A reassessment is the process used to determine accurate and fair property values within the County. The process of the assessment will begin in 2025 for the 2027 Reassessment. In 2025 and 2026, an assessor from the Lancaster County Property Assessment Office may visit your property for an outside-only inspection, including taking photos from the exterior of the property. Assessment staff will have county identification, and their vehicles clearly marked designating them to be from the Property Assessment Office.

The purpose of a reassessment is to ensure the fairness of taxes relative to property values, not to increase taxes. Reassessment does not generate additional revenue for the County or other real estate taxing bodies. Even though a property's assessment may increase, taxing bodies must adjust their current tax rate to remain revenue neutral, before making any other adjustments.

The property assessment office is ready to assist residents with preparation for the 2027 reassessment. For more information visit www.lancastercountypa.gov/154/property-reassessment.
